**SAFE USE AND HANDLING OF CO2 CYLINDERS**

It is possible that certain conditions may affect a CO2 cylinder, which can impact its proper performance. These conditions include the usage, maintenance and storage of the CO2 cylinder as well as other factors. If the conditions are not properly managed, the CO2 cylinder could fail and cause serious injury or damage.

1. **High temperatures can increase pressure in the CO2 cylinder.** This condition can be especially apparent when shooting in hot weather and can be avoided by allowing more time between shots. This can be expected when the CO2 gun is in the sun.

2. **The CO2 gun gun barrel, which is constantly shot, could overheat and explode, which may cause damage to the gun and other people around it.** This condition can be especially apparent when shooting in hot weather and can be avoided by allowing more time between shots. This can be expected when the CO2 gun is in the sun.

3. **CO2 airguns should be stored in such a manner as to protect against unauthorized use by children and others.** This can be expected when the CO2 gun is in the sun.

4. **These products are designed to look, handle and function like firearms.** These products should be stored in such a manner to protect against unauthorized use by children and others. This can be expected when the CO2 gun is in the sun.

### TRROUBLESHOOTING

**FAILLET/BB DO NOT FIRE:**

- **WARNING:** If a P226/P229/STAINLESS steel BB pistol is fired, the magazine was not installed correctly. Do not repeat the operation.

### SAFETY RULES

- **Do not install a magazine which contains ammunition.** Do not attempt to repair the gun yourself, since this may cause abnormalities in its functioning. Use the appropriate caliber clearing rod (17/16 in., 22/25 in.) if a pellet/BB has become blocked in the barrel. Take no further action if it cannot be removed. Call SIG SAUER Customer Service at (603) 610-3000. In the event you need to return your SIG CO2 Airgun to the SIG SAUER Service Department, please follow the instructions below:
  1. First contact Customer Service at (603) 610-3000 for a Return Merchandise Authorization (RMA) number, which will allow you to return your SIG CO2 Airgun. Please include your receipt at SIG SAUER through its return to you. Please do not send your CO2 argun until you obtain an RMA number.
  2. Make sure that the magazine is unloaded and that no pellet/BB is included with your returned CO2 argun.
  3. Place the CO2 argun’s magazine in such a manner as to prevent accidental use. Do not include any other accessories such as scopes or mounts, or CO2 cylinders.
  4. SIG SAUER is not responsible for any CO2 argun until it is received, nor for damage incurred during shipment.
  5. SIG SAUER CO2 arguns are shipped in such a manner as to prevent accidental use. Do not accept shipments to:
    
### SIG SAUER® LIMITED WARRANTY

**WARNING – READ THIS OWNER’S MANUAL COMPLETELY.**

This is a high-powered CO2 argun intended for use by those 16 years of age or older. Read all instructions before using. It is the purchaser’s responsibility to conform to all laws governing ownership and use of CO2 airguns.

**WARNING – AIRGUN SAFETY IS YOUR RESPONSIBILITY.**

This owner’s manual is designed to assist you in learning how to properly use and care for your SIG CO2 Airgun. It’s important to remember that SIG SAUER® is the manufacturer of the product and will not be held responsible for any CO2 Airgun modifications. These modifications could cause a CO2 Airgun to malfunction, and SIG SAUER® will not be held responsible for any incidents resulting from the modification. It is the owner’s responsibility to ensure that their CO2 Airgun is not modified and prepared to handle any CO2 Airgun. Always store the CO2 Airgun in a safe place for future use.

**WARNING – BEFORE USING YOUR NEW SIG CO2 AIRGUN, YOU MUST TAKE THE TIME TO READ AND UNDERSTAND THE FOLLOWING HAZARDOUS RULES.**

- Always keep your fingers away from the trigger until you are ready to shoot.
- Always keep your airgun in a safe manner as to prevent accidental use.
- Always keep this owner's manual on your airgun.
- Always keep your CO2 Airgun in a safe manner. Never point your CO2 Airgun at people or animals even if it is not loaded.
- Always keep your airgun in a safe place for future use.
- Always keep the magazine unloaded and away from the CO2 Airgun.
- Always keep your CO2 Airgun in a safe manner. Never point your CO2 Airgun at people or animals even if it is not loaded.
- Always keep your airgun in a safe place for future use.
- Always keep your CO2 Airgun in a safe manner.
HOW TO OPERATE

WARNING – USE ONLY 12 GRAM CO2 CYLINDERS. ANY ATTEMPT TO USE OTHER TYPES OF GAS CYLINDERS COULD BE EXTREMELY DANGEROUS AND COULD RESULT IN SERIOUS INJURY OR DEATH. GASES OTHER THAN CO2 COULD RESULT IN AN EXPLOSION OR RUPTURE THE AIRGUN.

THE P226® Model has an ACTIVATE SAFETY – NO RED DOT SHOWING.

STEP 2. INSERT 12 GRAM CO2 CYLINDER

STEP 3. LOAD THE MAGAZINE - USE .177 CALIBER PELLETS OR STEEL BBs ONLY.

WARNING – IF YOU ARE NOT GOING TO USE THE CO2 CYLINDER FOR A LONG PERIOD OF TIME, REMOVE THE CO2 CYLINDER.

STEP 6. ACTIVATING SAFETY –

USE EXTREME CAUTION IN OPERATING WHEN GUN IS LOADED, CO2 INSERTED, AND COCKED,

WARNING – DO NOT ASSUME THE GUN IS EMPTY OF PELLETS/BBS ONCE THE PELLETS ARE REMOVED

REMOVING JAMMED AMMUNITION:

The hammer could be damaged and the warranty will be void if the proper sized ramrod or ammunition is NOT used.

WARNING – MAKE SURE THAT THE SAFETY IS ACTIVATED AND THE CO2 CYLINDER HAS BEEN REMOVED BEFORE PROCEEDING WITH THE REMOVAL OF AMMUNITION. BEFORE REMOVING THE CO2 CYLINDER, MAKE SURE THAT IT IS EMPTY OF CO2, BY GENTLY UNSCREWING THE CO2 CYLINDER AND RELEASE THE EXCESS GAS SLOWLY AND GRADUALLY.

WARNING – USE EXTREME CAUTION IN OPERATING WHEN GUN IS LOADED, CO2 INSERTED, AND COCKED,

WARNING – DO NOT ASSUME THE GUN IS EMPTY OF PELLETS/BBS ONCE THE PELLETS ARE REMOVED FROM MAGAZINE. VERIFY THAT ALL PELLETS ARE REMOVED. ALWAYS TREAT THE GUN AS IF IT WERE LOADED AND READY TO FIRE.

WARNING – DO NOT USE CLEANING SOLUTIONS OR SIMILAR SUBSTANCES TO CLEAN YOUR GUN. USE A CLEAN DRY PELLET OR SIMILAR DRY CLEANING DEVICE TO REMOVE JAMMED AMMUNITION.

WARNING – IF YOU ARE NOT GOING TO USE THE CO2 CYLINDER FOR A LONG PERIOD OF TIME, REMOVE THE CO2 CYLINDER.

WARNING – KEEP THE CO2 CYLINDER AWAY FROM HEAT AND FLAMES. TEMPERATURES OVER 120º F (50º C) CAN CAUSE EXPLOSION AND INJURY. NEVER TINo SPIN THE CO2 CYLINDER INTO A FIRE.

WARNING – USE EXTREME CAUTION IN OPERATING WHEN GUN IS LOADED, CO2 INSERTED, AND COCKED,

WARNING – DO NOT ASSUME THE GUN IS EMPTY OF PELLETS/BBS ONCE THE PELLETS ARE REMOVED FROM MAGAZINE. VERIFY THAT ALL PELLETS ARE REMOVED. ALWAYS TREAT THE GUN AS IF IT WERE LOADED AND READY TO FIRE.
