1) Align the steel plate with the holes punched in it with the steel plate with the screws in it.

2) Unscrew the caps of the screw. Place the steel plate with the holes over the screws. Tighten the caps.

3) Repeat step one.

4) Repeat step two. Attaching all four sides together.

5) Slide fully assembled cone trap into the base.

6) Insert paper target into slots at the front of the cone trap. You are now ready to shoot.

WARNING: THIS PELLET TRAP IS DESIGNED FOR USE WITH LEAD AIRGUN PELLETS ONLY. DO NOT USE BBS. BBS WILL REBOUND AND RICOCHET AND CAN CAUSE PERMANENT INJURY, PARTICULARLY TO THE EYE.

WARNING: BE SURE THE AREA AROUND THE TARGET IS CLEAR AND SAFE IN CASE THE SHOOTER SHOULD MISS THE TARGET.

WARNING: ALWAYS WEAR PROTECTIVE SHOOTING GLASSES.

CAUTION: DO NOT USE WITH TARGET CLOSER THAN FIFTEEN (15) FEET TO THE SHOOTER BECAUSE PELLETS COULD FRAGMENT AND HIT THE SHOOTER.
